

Portfolio Hidden Hinge A5 Portrait with Spine Cover - Artwork Template

Legend

 Bleed/Turn-in Area (20mm) - will be folded under

 Visible Area - your final design area

 Screw Hole Positions

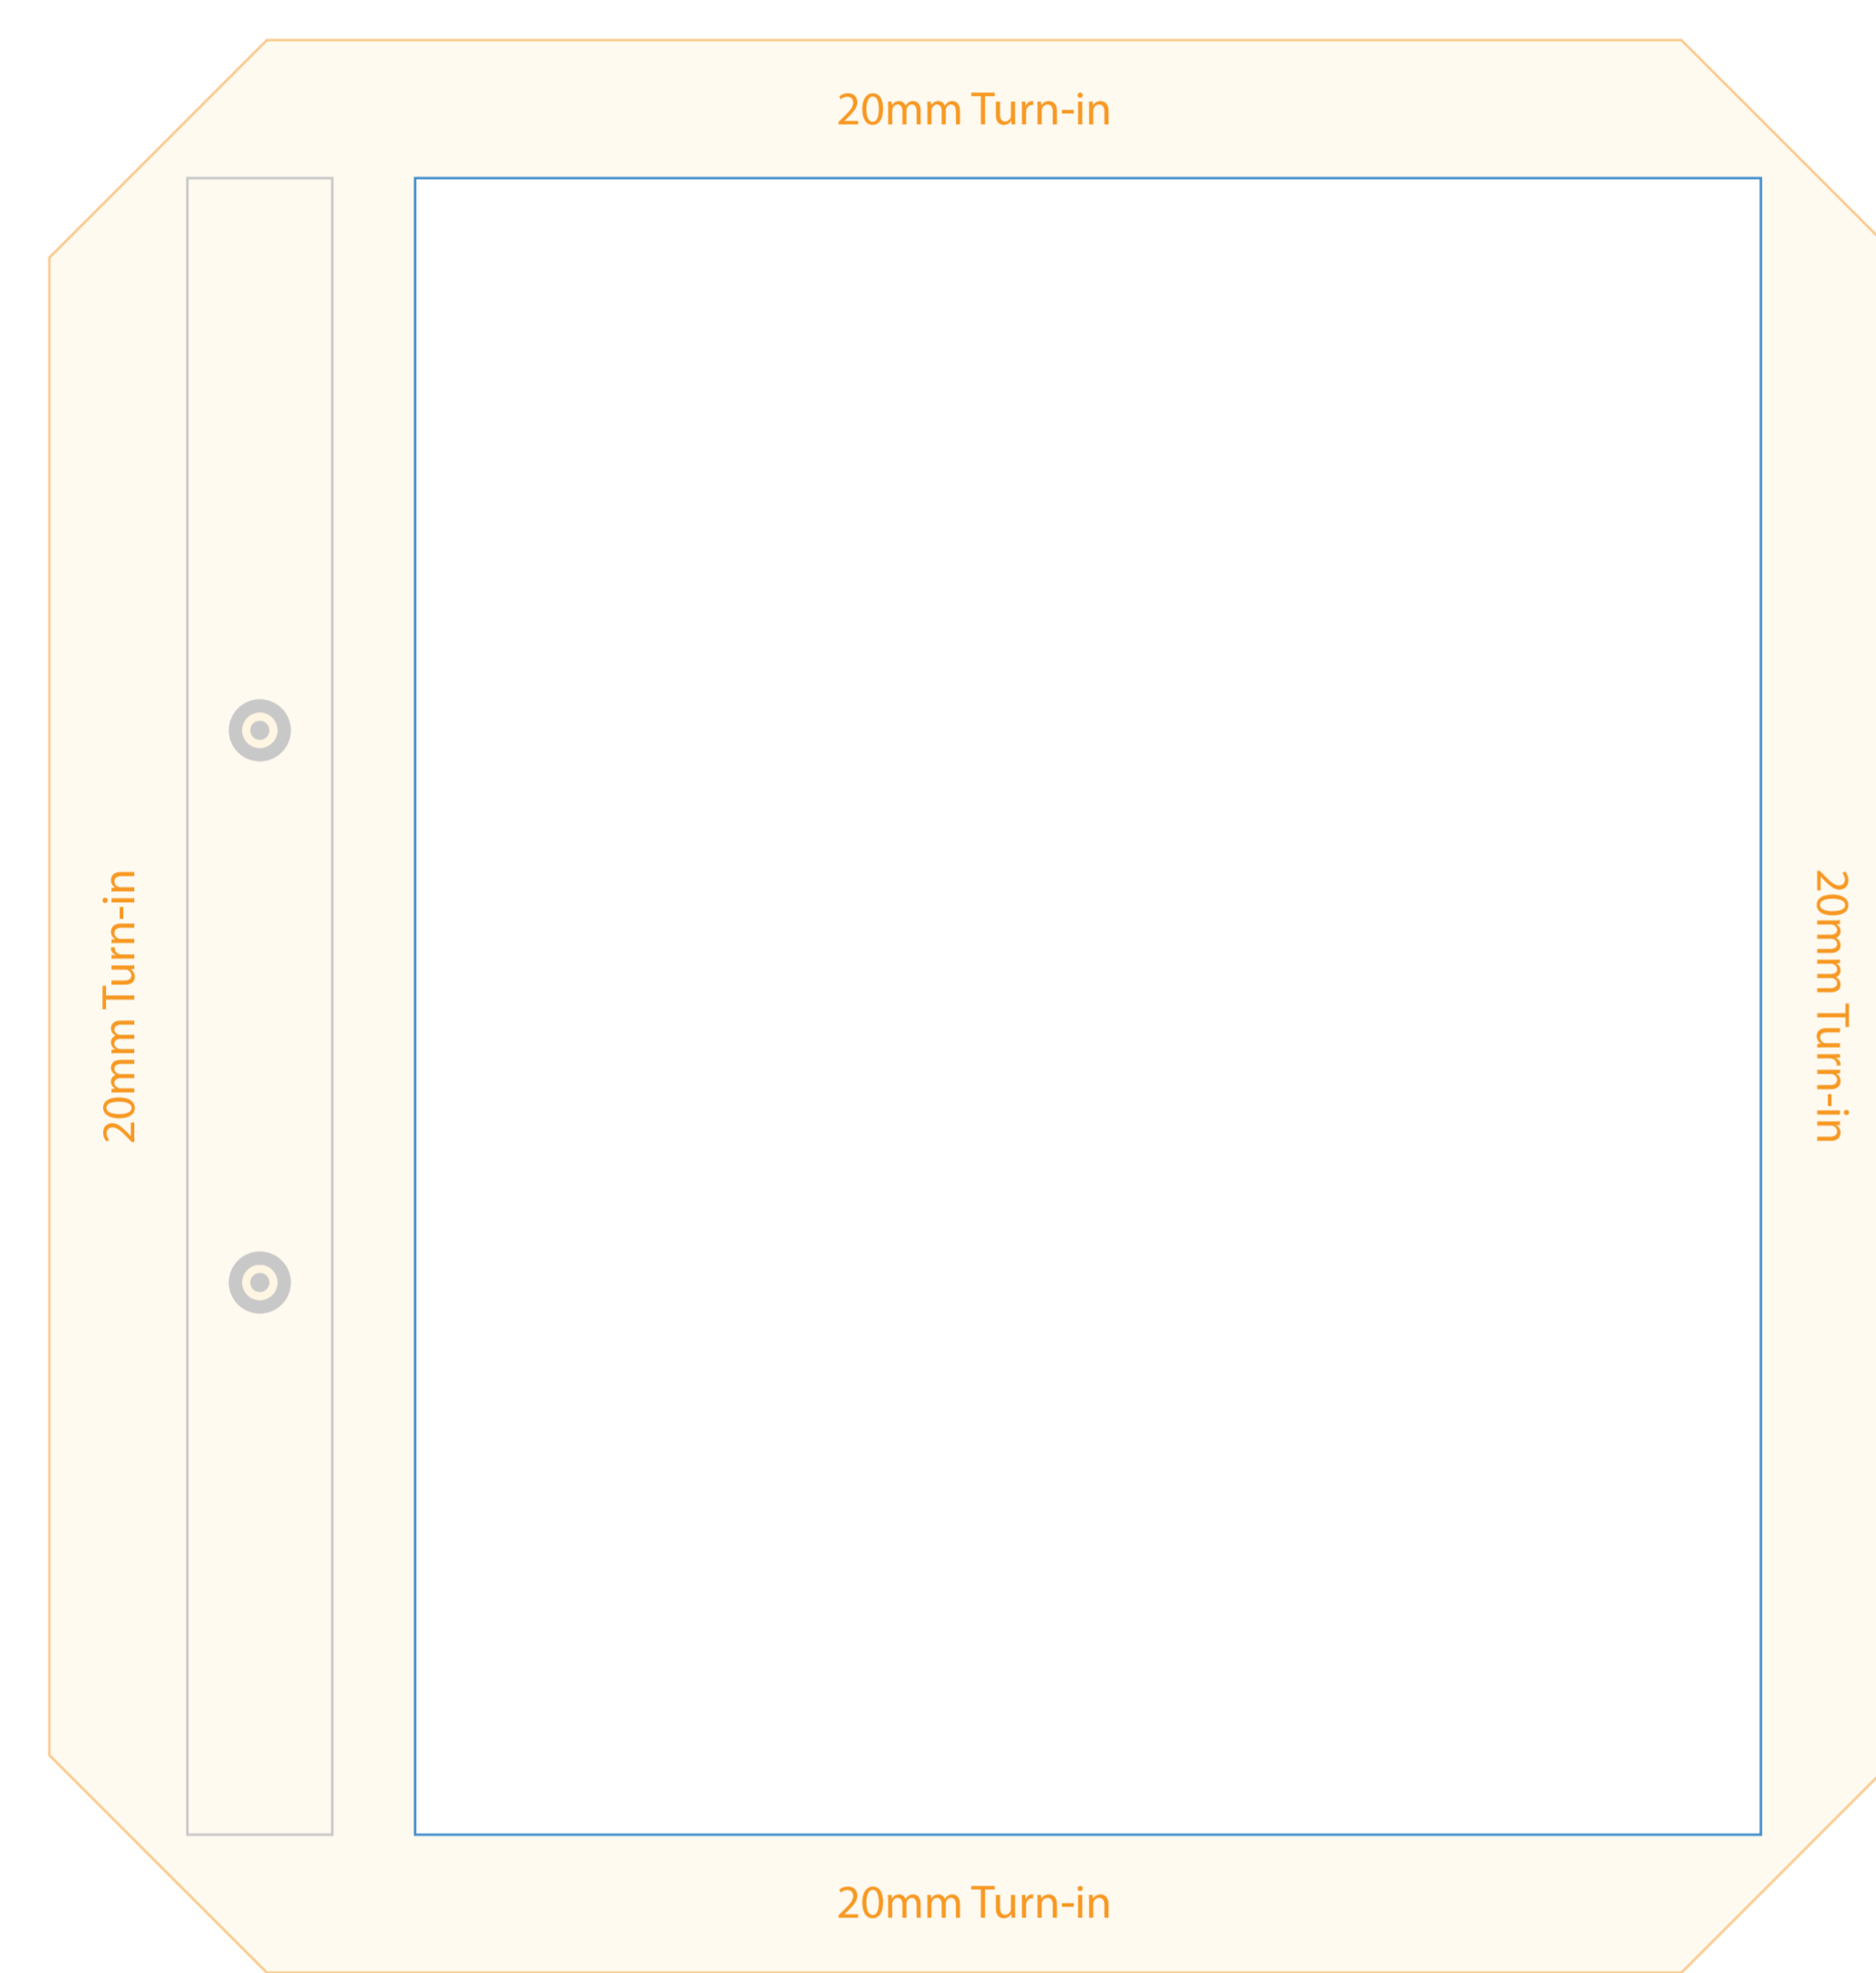

Important Notes

- Please bleed all artwork to the yellow line.
- Any unprinted area will remain the natural colour of the material, which is white cloth.
- All images must be embedded in the file.
- Avoid placing important details close to the metal studs as position may not be exact and varies according to the screw size.

Artwork Placement Instructions & Print Guide

Print Example

Artwork Quality Requirements

For **Raster Images (.tif, .jpg, .png, .bmp)**:

- Artwork must be at least 300 DPI or it will print pixelated
- Save as CMYK, **NOT** RGB
- All images must be embedded in the file

For **Vector Images (.eps, .ai, .pdf, .svg)**:

- Convert all text to outlines for correct display
- Save as CMYK, **NOT** RGB

File Submission:

- Submitted artwork is treated as approved artwork
- We can only reproduce the quality you provide

Artwork Placement Guide

CORRECT:

Artwork bleeds fully to the orange bleed line.

INCORRECT:

Artwork stops at the blue trim line, leaving white edges.

The bleed area (warm peach zone) will be folded underneath the cover.

Any unprinted area will show the natural white cloth material.

Avoid placing important details (text, logos, faces) near screw holes as position may vary slightly with different screw sizes.
